Dedication

Graduation is the proper ending for four years of high school, but Victor Dixon's high school career ended after two years. Victor was well liked by his class, the class of 1973, and made more contributions to Fairview in his two years than some students make in four years. Therefore, this Senior Section is respectfully dedicated to his memory.

Faculty and Administration

Congratulations, Seniors of 1973. Many members of this class have been honored for scholarship, leadership, and service, and this is an indication that you will gather success and many more honors in future years. This senior class came together as a group four years ago. We hope all seniors who have received recognition realize that any recognition is a result of help from classmates, parents, teachers, and friends. We hope you have discovered during your high school years how to live with other people and learned that consideration for others is important in life.

"Good Luck to the Class of 1973"
